

MID-AMERICA ORTHOPAEDIC ASSOCIATION

E-POSTER | 2026 ANNUAL MEETING

Audiovisual Instructions for E-Poster Presentations

All E-Poster presentations must be submitted online by **March 23, 2026**. [CLICK HERE](#) to submit. Any presentation submitted after this date will not be considered for our MAOA Poster Awards.

Slide Format & Template

- Keep the main content area white with black (or dark) text for readability
- You may customize the border color and layout, but do not change the slide dimensions—they are optimized for our display screens
- [CLICK HERE](#) to view a sample template

Fonts

- Recommended fonts: Arial, Calibri, Tahoma, or Verdana
- Avoid using other fonts, as they may not display correctly across different systems
- Minimum font size: 19 pt for readability on large screens; **24 pt** or larger is suggested

Slide Content

- Limit your presentation to 2 – 3 slides. No more than 3 slides allowed
- You may include images and graphs, but no videos or animations
- Mac users: Formulas may not render correctly on PCs. To ensure compatibility, save formulas as images if created on a Mac

Submission Instructions

- Upload your PowerPoint file (do not convert to PDF) online by March 23, 2026 – [CLICK HERE](#) to submit

Previewing Your E-Poster Display

To approximate how your e-poster will appear on-site:

- View your slides on a 1920x1080 (1080p) monitor or TV. This will help you gauge layout, font size, and image clarity
- Remember: Font size matters! Even if small text looks fine on your screen, it may be hard to read on a larger display. **Use 19 pt or larger** fonts to ensure legibility
